SOLUTIONS FOR ENTERPRISE-WIDE PROCUREMENT

Federal IT Procurement...Simplified

Issue 9
April 2017

Spring Is In The Air!

As we close the second quarter of Fiscal Year (FY) 2017, we would like to highlight the incredible growth being experienced on SEWP V, in addition to a new enhancement for improved usability by our loyal customer base.

SEWP Highlights

- In February FY 2017, SEWP processed over 1,840 orders, which is an increase of 18% over last February FY 2016
- In March FY 2017, SEWP processed over 2,400 orders, which is an increase of 13% over last March FY 2016
- To date, SEWP has over \$820M in orders – an increase of 40% over last year
- SEWP has handled over \$204M in modifications so far this FY 2017

SEWP QRT Update

On the Quotes Review page of the Quote Request Tool (QRT), the Request Updated Quote functionality has been enhanced to allow customers to request quote updates from multiple Contract Holders at the same time.

2017 SEWP Training and Events

SEWP Training at the NCMA World Congress

After World Congress concludes, join SEWP for an afternoon seminar series that will cover topics specifically for the federal IT acquisition professional. Topics will include a full SEWP training, sessions about the current federal procurement landscape, procurement best practices, supply chain risk management and implementing innovative tools (such as agency-level catalogs and reporting) all from a SEWP perspective.

Wednesday, July 26, 2017, 2:00pm-6:00pm, Navy Pier, Chicago, IL

Complimentary (registration required), 4 CPE/CLP credits

If you are interested in scheduling SEWP training at your facility, please submit a request by using the Request a Training link on the SEWP Website; by emailing help@sewp.nasa.gov; or by calling the Helpline at (301) 286-1478.

Upcoming Events (For More Information, visit events.sewp.nasa.gov)

- April 19 - 27th Annual Government Procurement Conference - Washington, DC
- May 15-18 - SOFIC 2017 - Tampa, FL

PLOT (Program Level Outreach Team) Is Here To Help

Do you have IT Procurements that are strategic, complex or significant in size? If you do, then SEWP can help. To assist with these types of procurements the SEWP Program Management Office established the Program Level Outreach Team, better known as PLOT. PLOT is comprised of procurement professionals with expertise in Federal Contracting, Technical Architecture, and Industry.

The PLOT Team is happy to travel to your office to meet with members of your Acquisition and IT Leadership Team to discuss your IT acquisition issues and concerns. Our expertise has been found to be helpful crafting RFQs that have met Agency requirements and timelines. Some of the areas that we have provided assistance include acquisitions with Mobility, Cyber, Emerging Technologies, even CLOUD initiatives. Service programs include the configuration, procurement and installation of multiple campus wide network solutions. We are also prepared to discuss Agency Catalogs, Delivery Orders With Options (DOWO) and Agency Reports.

Want to learn more? Drop us a line at help@sewp.nasa.gov. Simply give us an idea of what you are attempting to accomplish. Within one business day a member of the PLOT Team will give you a call to discuss.

SEWP Team Spotlight

Ashley Knott came to the SEWP PMO office immediately after graduating high school. She was just a baby! Ashley was hired for the position of Front Desk Receptionist but quickly became involved in assisting other teams such as Outreach and the IT Department. While working full time, she began taking classes at the College of Southern Maryland and earned an Associate's degree in Business Administration. Due to her dedication to assisting the Outreach Team, Ashley transitioned from the front desk position to become the team's Event Coordinator. Not only did she implement new ideas and processes for improvement and efficiency, she graciously committed to the team's travel schedule for supporting events and trainings. All of this occurred while she was in the process of buying a house and taking additional classes to complete her Bachelor's degree in Business Administration from UMUC. Ashley is quite an impressive young lady with a lot of drive and ambition. She is goal driven and her work ethic speaks for itself. She is a vital member of our team and we are lucky to have her!
