IV. DESCRIPTION OF METHOD USED TO DEVELOP SUBCONTRACTING GOALS:

CDW GOVERNMENT LLC used the following method to develop the subcontracting goals:

The goals set forth are derived from 1) CDW•G's procurement records from suppliers for the aforementioned goods and services during the federal government's fiscal year ending September 30, 2025, with projected growth and decline for each supplier category, 2) the assessment of suppliers that have been acquired by large businesses, 3) evaluation of current programs, and 4) anticipated needs for goods and services over CDW•G's next fiscal year.
After review by GSA's small business team, CDW has agreed to revise the goals based on the 2025 SSR report. However, CDWG expects a decline in the total sales to the various diverse partners due to partner socioeconomic status changes, reduction of procurement of products which impacts our small business distributors. This results in an expected decrease from 2025 reported sales across various diverse partners, and full and open competition for different product lines. Although there was exponential growth in the HUBZone category in 2024 and 2025, the expectations for 2026 are lower than reported for 2025. CDW•G remains dedicated to fostering the health and development of our HUBZone partners. We will continue to monitor this category on a quarterly basis throughout the 2026 reporting period to identify and implement improved support strategies.

V. DESCRIPTION OF METHOD USED TO IDENTIFY POTENTIAL SOURCES:

CDW GOVERNMENT LLC identifies potential subcontractors using the following source lists and organizations:

CDW•G will actively solicit other potential small (to include ANC and Indian Tribes) businesses, small disadvantaged, woman-owned, service disabled veteran, veteran-owned, HUBZone small businesses, and "other" than small businesses through the following sources:
- SAM.gov
- Veterans service organizations
- National Minority Purchasing Council Vendor Information Service
- Research and Information Division of the Minority Business Development Agency
- Participation in trade fairs industry associations, and industry meetings
- Marshall Space Flight Center SB/Prime Contractors Council
- Where allowed and practical, advertising subcontracting opportunities

VI. INCLUSION OF INDIRECT COSTS IN ESTABLISHING GOALS:

Indirect costs X HAVE BEEN (or)_____HAVE NOT BEEN included in the dollar and percentage subcontracting goals stated above.

If indirect costs HAVE been included, the method used to determine the proportionate share of indirect costs to be incurred with small business concerns was as follows:

Indirect costs will be allocated to small businesses in proportion to the percentage spend with the small business concern.
